SYNAPSE: Applied Healthcare Operations Management & Research Conference

Thursday, April 25, 2024, 1pm-5pm

[The Bakken Museum](#), Minneapolis, MN

[\(click here for directions from the conference hotel\)](#)

Precedes: [Production & Operations Management Society \(POMS\) Annual Conference](#)

Organized By: College of Healthcare Operations Management (CHOM)

Details: We are excited to announce that the POMS College of Healthcare Operations Management (CHOM) mini-conference will be held at [The Bakken Museum](#). The mini-conference theme and activities are inspired by the museum itself which celebrates the historical connection between the city of Minneapolis and the healthcare industry.

Theme: *“Inspiring a Passion for Innovation in Healthcare Operations Management”*

Activities: The mini-conference will feature various activities to inspire all of us to develop innovative, practical and sustainable solutions that improve the operations of healthcare organizations, Activities will include:

- **Guided tours** of the museums collections
- **Research-in-Practice** presentations showcasing applied healthcare operations research
- **Research-in-the-Rough** session aimed at developing research ideas and collaborations
- **Keynote speaker** presentation from a healthcare industry leader
- **Mini-conference reception** (back at the conference hotel)

This conference provides a venue for discussion between those working and researching healthcare delivery issues to share what works, what doesn't and why, and which areas need greater attention. The conference is meant to complement the POMS annual meeting as it gives participants a chance to learn from both practitioners and researchers, and allows time for brainstorming new approaches and research ideas for improving the effectiveness of healthcare delivery systems.

More information coming soon! Please contact CHOM Board for questions regarding the conference.

We look forward to seeing you soon! THANK YOU FOR ATTENDING!
