Abstract and Paper Submissions for 2015 POMS

Due to some confusion there has been a change this year in the tracks from previous conferences. The POMS organisers have decided to remove the HOCM Track and instead have inserted the “Humanitarian and Not-for-Profit Operations” (HNPO) track.

What does this change mean to me?

- If you wish to host an Invited Session, send your request to Gemma Berenguer at gemmabf@purdue.edu
- As the new HNPO track may not address issues that HOCM previously addressed, we therefore advise that members examine all the POMS tracks to see a suitable fit for your paper.
- If you have any queries regarding the HOCM Best Paper Award please contact Dr Nezh Altay: NALTAY@depaul.edu
- We encourage you to join the Mini-Conference immediately before the Main Conference

Apologies for any confusion that the above changes have caused, regrettably these changes have been outside the control of the HOCM Executive.
