Machine Technician

Founded in 1919 as Phototype and recently rebranded as the Olberding Brand Family, we are a family company focused first on caring for people. We believe that by valuing our employees, they in turn are inspired to champion our clients and the brands they bring to life. We have a variety of services which help CPG clients engage consumers through graphic design and execution. Our services begin in conceptual brand strategy and design, then flow through adaptive design all the way to the production of color accurate and regulatory/retailer compliant physical and digital touch points. We are composed of three separate branded business units (Coach House, Amplify and Phototype) where we Design, Optimize and Protect brands. There are over 350 of us across the US, Europe and Asia. Won't you join us? We'd love to have you on our team!

The Machine Technician operates digital plate processing equipment to produce plates in flexographic printing and dry offset printing.
