The Gies College of Business at Illinois is a world leader in research, teaching, and public engagement. We serve the state, the nation, and the world by creating knowledge, preparing students for lives of impact, and addressing critical societal needs through the transfer and application of knowledge. We are interested in candidates who will bring excellence to campus via outstanding research, teaching, and service.

Applications are invited from qualified individuals for either one 100% full-time, non-tenure track or two part-time, non-tenure track, open rank, specialized faculty position in IOSA within the Department of Business Administration. Specialized faculty are expected to teach at the graduate and undergraduate levels, provide service to the department, and engage in activities that maintain faculty qualifications under AACSB guidelines. This position will teach various classes on operations, information systems, and/or business analytics. Ability to teach some of the following courses is required: operations management, information systems, supply chain management, supply chain analytics, and/or fundamental business analytics. Research and/or contributions to practice, as well as institutional service participation, are expected. We invite applications from individuals who can contribute to Gies Business to create a diverse, inclusive community where scholars, learners, teachers, and leaders thrive.

The Department of Business Administration is a large and diverse unit, which includes graduate and undergraduate programs across seven academic areas (i.e., Organizational Behavior, Strategic Management, International Business, Marketing, Operations Management, Information Systems, and Supply Chain). Additional information about the Department may be found here.
