Northeastern University Supply Chain & Information Management Group, D’Amore-McKim School of Business, Open Non-Tenure Track Positions

Positions Description
The Supply Chain and Information Management Group of the D’Amore-McKim School of Business at Northeastern University in Boston invites applications for open non-tenure track positions in the Group, with employment beginning in 2021-2022. These are full-time, benefits-eligible positions that may be visiting (one-year) or continuing depending on needs and qualifications. The position may be Lecturer/Visiting Lecturer/Teaching Professor/Visiting Teaching Professor/Visiting Professor. Lecturers are responsible primarily for teaching and some service, while Teaching Professors and Visiting Professors also have research and service expectations. Employment terms are competitive and negotiable depending on career progress and expertise. Support for research is available. Primary teaching responsibilities for the operations and supply chain management, MIS, statistics, and business analytics areas at both the undergraduate and graduate levels.

Qualifications
Candidates must have a doctorate degree in business analytics, management information systems, operations management, supply chain management, or a closely related field by the appointment start date. Candidates must be committed to excellence in teaching (and research for Teaching Professor and Visiting Professor positions). Candidates with exceptional qualifications and experience in data analytics and emerging technologies with a master’s degree will also be considered. Candidates with prior experience teaching operations/supply chain management courses will be preferred for supply chain/operations courses while for MIS/Business Analytics courses, qualifications and experience in teaching database, data mining, visualization, and various MIS and analytics courses will be preferred.

How to apply
Applicants should submit materials including a letter of interest, vita, teaching evaluations, and letters of reference using the Northeastern University application portal at the following address: https://careers.hrm.northeastern.edu/en-us/job/504313/lecturervisiting-lecturerteaching-professorvisiting-teaching-professorvisiting-professorall-ranks. Inquiries may be directed to Professor Gilbert Nyaga, Group Chair at g.nyaga@northeastern.edu. Additional information regarding the School and the Supply Chain and Information Management Group can be found at www.damore-mckim.northeastern.edu.

Diversity
Candidates should be committed to fostering diverse and inclusive environments as well as to promoting experiential learning, which are central to a Northeastern University Education. Northeastern University is an Equal Opportunity, Affirmative Action Educational Institution and Employer, Title IX University. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, or any other characteristic protected by the law. Northeastern University is an E-Verify Employer.
