Lecturers of Business Analytics (Non-Tenure Track, F0419A1 & F0552A1)
Department of Information Technology & Decision Sciences / Strome College of Business
Old Dominion University

The Department of Information Technology & Decision Sciences at Old Dominion University seeks applicants for two full-time Lecturer positions with knowledge in the fields of business analytics, business statistics, and management science. The Lecturers will primarily teach courses in Business Analytics, and the positions may require student advising and/or serving as the adviser of a student organization.

Minimum Qualifications:

• A master's degree or higher in Business Analytics, Business Statistics, Quantitative Analysis, or a related field including graduate level courses in probability, statistics and management science/quantitative analysis.

• Skills in business analytics / data analytics and knowledge of their business applications.

• Excellent oral and written communication skills.
Preferred Qualifications:

• Teaching experience in statistics and quantitative analysis.

• Experience in business analytics, data analytics, and/or data mining.

• Experience with R, Python, data mining tools, and/or mathematical programming software.

• Excel proficiency.

How to Apply: Applications must be submitted to https://apptrkr.com/5188209 and include:

• A letter of interest,

• A curriculum vitae,

• A statement of teaching philosophy,

• Teaching evaluations for statistics or quantitative analysis classes,

• Unofficial graduate transcripts, and

• The names and contact information for three references.

Review of applications will begin **April 30, 2024** and the position will remain open until it is filled. Inquiries should be directed to:
