

Non-tenure track Teaching Professor position at Northeastern University

The Supply Chain and Information Management Group of the D'Amore-McKim School of Business at Northeastern University invites applications for **non-tenure track assistant or associate teaching professor** positions in Boston, Massachusetts, with employment beginning in Fall 2024. These are full-time, benefits-eligible positions that may be visiting (one-year) or indefinite duration, depending on needs and qualifications. Successful candidates will be responsible primarily for teaching courses in business analytics, management information systems, and/or operations and supply chain management at both the undergraduate and graduate levels, depending on qualification. There are some research and service expectations.

Qualification

Candidates must have a doctorate in Operations/Supply Chain Management, Information Systems/Management, Business Analytics, or a related field by the appointment start date. Candidates for appointment at ranks above the entry-level must have at least 3 years of college teaching and/or professional experience. Candidates must be committed to excellence in teaching and research and must have a background in or commitment to working with diverse student populations and/or in culturally diverse work and educational environments.

How to apply

Applicants should submit materials including a letter of interest, vitae, teaching evaluations, and names of referees using the Northeastern University [application portal](#). Letters of reference will be requested at a later stage. Inquiries may be directed to Professor Gilbert Nyaga, Group Chair at g.nyaga@northeastern.edu. Additional information regarding the School and the SCIM Group can be found at www.damore-mckim.northeastern.edu.

Diversity Statement

Northeastern University is an Equal Opportunity, Affirmative Action Educational Institution and Employer, Title IX University. All qualified applicants will receive consideration for employment without regard to race, color, religion, religious creed, genetic information, sex, gender, gender identity, sexual orientation, age, national origin, ancestry, veteran or disability status, or any other characteristic protected by the law. Northeastern University is an E-Verify Employer.
