

The Department of Analytics and Operations at NUS Business School, National University of Singapore (NUS), invites applications for a tenure-track faculty position at the assistant professor level.

Applicants should possess or be close to completing a Ph.D. in Operations Research, Operations Management, Management Science, Computer Science, Statistics, or a related field.

Candidates are expected to teach courses in business analytics, operations management, or closely related areas at the undergraduate and graduate/MBA levels. There are opportunities to participate in two of the NUS Master of Science programs, the Business Analytics program and the Supply Chain Management program.

The Department of Analytics and Operations comprises over 20 faculty members specializing in operations research, operations management, logistics/supply chain management, and information systems/technology. It co-hosts the NUS Business Analytics Center with the School of Computing and actively participates in the Institute of Operations Research and Analytics (IORA), offering a multidisciplinary Doctor of Philosophy (Ph.D.) program. For more information, visit our homepages: <https://bschool.nus.edu.sg/>, <https://msba.nus.edu.sg/>, and <http://iora.nus.edu.sg/>.

Salary and Fringe Benefits

NUS Business School provides internationally competitive remuneration, generous research support and funding, and relocation assistance for international faculty relocating to Singapore. Subsidized university housing may also be provided, depending on the contract.

To apply, interested candidates should submit a cover letter, a CV, two or three research papers, evidence of teaching effectiveness, and contact information for three references to Ms. Cecilia Wong at cecilia@nus.edu.sg. We will be conducting interviews at the INFORMS Annual Meeting (2025), and *strongly encourage candidates who will be attending to apply by October 7, 2025*, and to include their presentation information in the application. Applications will continue to be reviewed after this date.
