

## Tenure-track Assistant/Associate/Full Professor Recruitment

Institute of Supply Chain & Analytics (ISCA)

Dongbei University of Finance and Economics, Dalian, China

### **Job Description**

Institute of Supply Chain Analytics (ISCA) is an independent research institutes at Dongbei University of Finance & Economics (DUFE), which is one of the leading universities in China in the areas of finance, economics, management, and business analysis. ISCA currently has 18 full-time researchers with a record of 26 publications in top-tier international management journals (UTD24), consistently ranked top 10 in China in the past 5 years in the area of Supply Chain and Operations Management. ISCA is dedicated to conducting top-tier research on Supply Chain Management, Supply Chain Finance, Operations Management, Operations Research, Business Analytics, Big Data Analysis, Optimization, Information Systems, Artificial Intelligence, and related interdisciplinary fields. It boasts an excellent tenure-track faculty including Senior Editor of top-tier international journals and oversea-educated talents. ISCA currently has two master programs and one doctoral program and offers post-doctoral positions.

It is the hosting organization of the Institute of Supply Chain and Operations Management (ISCOM), Institute of Goodwill Enterprise Development, and Liaoning Province Academy of Supply Chain Industrialization.

ISCA offers an individual spacious office and friendly working environment to each faculty member and provides one of the best administration services in the world. Through its tripartite platform — integrating academic exchange, industry-academia-research collaboration, and government-enterprise partnerships—ISCA provides strong support for talent development and research translation. Driven by a commitment to global collaboration and a high-quality work environment, ISCA is a leading internationally oriented research team in China's supply chain and business analytics fields, aspiring to world-class standards.

### **Recruitment information**

ISCA invites applications for full-time tenure-track faculty positions of all levels (Assistant/ Associate/ Full Professor) with interests in Business Analytics, Data Analytics, Marketing Analytics, Information Systems, Supply Chain Finance, Operations Management, and Supply Chain Management. Both theoretical and empirical studies are very welcome.

### **Academic Qualification**

Earned a Ph.D. degree from a major research university before appointment. Applicants for assistant professor positions should have strong research capability of publishing in top-tier journals. Applicants for higher ranks should have well-qualified record of research and teaching effectiveness.

### **Application Details**

If you are interested in the post, please send your Cover letter, CV, three representative research papers, contact information of three references, evidence of teaching performance (if available) to [iscajobs@163.com](mailto:iscajobs@163.com) & [isca-hr@dufe.edu.cn](mailto:isca-hr@dufe.edu.cn) (Please send your application to both mailboxes, ensuring that we don't miss anything).

### **Benefits for a successful applicant**

ISCA will provide very competitive salary and benefits package, and a very competitive incentive policy. A publication in top-tier journals will significantly boost annual salary.

The Remuneration Package will be commensurate with qualifications and experience.
