

Tenure Track Operations Management

Faculty Openings

The Operations and Decision Technologies Department of the Kelley School of Business at Indiana University – Bloomington invites applicants for multiple tenured/tenure-track positions in Operations Management to begin fall 2027. A doctoral degree (or near completion in the case of the Assistant rank) in Operations Management or related field is required. While the positions are open rank, pre-tenure candidates are preferred.

We welcome applications from individuals with research interests in the broad domains of Operations Management including healthcare operations, supply chains, business analytics, service operations, humanitarian operations, social responsibility operations, revenue management, and more. The likely teaching responsibilities involve operations management, supply chains, applications of AI in OM, data analysis and quantitative methods. Teaching requirements may include undergraduate, masters, and doctoral level classes.

Faculty will be available to meet with candidates attending the INFORMS conference in San Francisco, CA; applicants not attending INFORMS will also be considered. To ensure consideration, complete applications should be received by October 15th, 2026; however, the search will continue until the positions are filled. Interested applicants should review the position requirements and apply at <https://indiana.peopleadmin.com/postings/33655>. Candidates should direct any questions to Claire Tafoya at odt@iu.edu.

Before a conditional offer of employment with tenure is finalized, candidates will be asked to disclose any pending investigations or previous findings of sexual or professional misconduct. They will also be required to authorize an inquiry by Indiana University Bloomington with all current and former employers along these lines. The relevance of information disclosed or ascertained in the context of this process to a candidate's eligibility for hire will be evaluated by Indiana University Bloomington on a case-by-case basis. Applicants should be aware, however, that Indiana University Bloomington takes the matters of sexual and professional misconduct very seriously.

Indiana University is an equal opportunity employer and provider of ADA services and prohibits discrimination in hiring. [See Indiana University Notice of Non-Discrimination here which includes contact information.](#)
