

Tulane University
Freeman School of Business
Tenure System Assistant Professor in Information Systems

Position Description

The Freeman School of Business at Tulane University is seeking applicants for a tenure system faculty position (Assistant Professor) in Information Systems. This is a full-time appointment in the Freeman School's Management Science area beginning July 1, 2027. Salary, teaching load, research support, and benefits are competitive with other major research institutions. Hiring for this position is subject to final budgetary approval by the university.

Assistant Professors teach rigorous and engaging undergraduate and/or graduate courses, produce high quality scholarly engagement activities and publications, actively contribute to the research mission and research culture of the Freeman School, and participate in service to the Freeman School and Tulane University.

Qualifications

Candidates are expected to hold a Ph.D. in Information Systems or a related discipline by July 1, 2027. We seek collegial candidates with evidence of strong research and teaching skills. In particular, candidates are expected to be interested in experiential learning, and to possess strong teaching potential with expertise in advanced business analytics using R and Python.

Application Instructions

Candidates should submit a cover letter, a curriculum vitae, working research papers, a teaching statement, student course evaluations, and a list of two professional references with contact information who can provide confidential letters of recommendation. Other materials may be requested later. Applications will be accepted until the position is filled or closed.
